Fenton History Center Museum & Library

Real People Making History

Annual Report

From the President and Director:

January 19, 2007

Dear Fellow Members and Supporters,

The Fenton History Center Board of Trustees, staff and volunteers were very active in 2006. We have begun a momentous 3-year capital campaign, which will serve to secure the viability of the FHC. The main goals of this campaign are to acquire adjacent property, expand our facilities and provide a greater depth of programming for all ages.

The Fenton Board of Trustees and concerned community agencies are working together to make this campaign a success. As a member of the Fenton History Center, you are a necessary part of this campaign. It is up to all of us to collect and preserve our hometown’s history for our children and grandchildren. Your financial support will also be crucial in the success of the campaign.

In 2007, the teamwork displayed by the Board of Trustees, valued employees and dedicated volunteers will bring us closer to our common goals of building a strong foundation for the preservation of Jamestown and southern Chautauqua County’s past. Please feel free to stop in anytime to see what’s going on, where you can lend a hand or tell a few stories!

Best Wishes in 2007,

Julie Hull

FULFILLING OUR MISSION TO THE COMMUNITY

The Fenton History Center is a community resource for people of all ages from the preschool child just learning to read to the senior citizen who still finds something new to learn each day. The resources (collections, library/archives and educational resources) and services (exhibits, research assistance and educational programming) found at the FHC are tied to community interests and reflect what the community cares about. The FHC will continue to develop innovative methods of meeting community interests and priorities – such as the Junior Historians, History Club, Summer Camps, Adult History Club and Genealogy Support Group, historical readings – while continuing to serve as an educational resource for children and adults, a place for families to enjoy together, and a part of the community’s heritage.

THE FENTON HISTORY CENTER MISSION STATEMENT – WHAT WE DO

The mission of the Fenton History Center – Museum & Library is to provide educational and cultural opportunities for the residents of Chautauqua County and its visitors through the collection, preservation and exhibition of artifacts and archival materials pertaining to Jamestown, New York and Chautauqua County.

THE FENTON HISTORY CENTER VISION STATEMENT – WHERE WE WANT TO BE

As a trusted steward of the community's heritage, the Fenton History Center – Museum & Library will champion the preservation and interpretation of regional history by maintaining the foremost historical center of its kind in southwestern New York. Research based exhibits and innovative programming will inspire people of all ages to enjoy, appreciate, and understand the rich history of Jamestown and the surrounding area, as reflected by the FHC's extensive collection and library holdings. The dedicated staff, membership and Board of Trustees will work together to build a strong, dynamic organization and expand the reach and scope of the FHC's activities.

The Fenton History Center will ensure the preservation of the Fenton Mansion, while providing adequate facilities to meet the growing needs of the organization and the people it serves. A superior regional history and genealogy research center will accommodate local and visiting researchers. The facilities will also afford space for

state-of-the-art storage, educational programs, collections management, exhibit preparation, and visitor orientation.

The staff and Board of Trustees will offer responsible and enthusiastic leadership for the future. Professionally trained, the staff will provide direction in the implementation of current best practices. To strengthen the FHC's ability to accomplish its mission, an informed Board of Trustees will provide additional guidance and strive to secure the fiscal health of the organization for years to come.

The Fenton History Center will also reach beyond the walls of the Fenton Mansion to engage area residents, students, visitors, and institutions with an increasing variety of activities. Off-site, traveling, and web-based exhibits will compliment multi-media in-house exhibits. Web-based technology will enhance the services offered by the library and research center. Whenever possible, the FHC will collaborate with other historical agencies, non-profit organizations, schools, and businesses. The FHC will be recognized as an indispensable asset to the intellectual and cultural life of the surrounding community.

Individuals Served

- The number of visitors in 2006 to the Governor’s Mansion remained about the same, however the increased off-site exhibits at Syracuse University’s Barclay Law Library, the front window of Downtown Jamestown Development Corporation and the new exhibit space at the Robert H. Jackson Center brought the Fenton History Center to an additional 6,800 visitors. The website’s museum pages visits grew by 34%.
- The library/research center had a 32% increase in researchers and genealogists. The website’s library/research center pages visits increased by 37%.
- The education department remained at the 2005 level in school programming due to changes in the elementary test schedules. However, the launch of “Mr. Lincoln’s War” website in June 2006 and the added information pages about Grace Galloway, Manufacturing in Jamestown, and Lucille Ball brought an average of 1,500 visits per month to the Fenton History Center website.
- The website unique page visits, those visits that opened more than one page over the course of less than 30 minutes, increased by 73%!
 - The most popular pages were: the Homepage, the list of manufacturers from 1800 to 1938, Lucille Ball, the free images page, Civil War timeline, and genealogy.
 - The website is our “new classroom.” Plans are underway for the expansion of the Civil War site pages and the addition of an Underground Railroad site by the end of the year. New York State Senator Young has authorized a NYS Education grant to fund the needed work to upgrade the website and add additional content.

PREPARING FOR THE FUTURE THROUGH EDUCATION

- Helping schools meet curriculum goals and providing resources for lifelong learning
- 6,306 members and non-members took part in various programs, bus tours, Jr. Historians Club, Jr. Historians Summer Camp, and Community Events.
- Over 85 programs were presented to area school students, community groups and special programming for all ages.
- The Jr. Historians (grades 1-3) and History Clubs (grades 4-6) saw a marked increase in interest and attendance. This year the summer camps included “Camp Brown” and “History Detectives.” The summer camps for these ages were expanded by the generous support of the Chautauqua Region Community Foundation’s Community Service grant for scholarships. The grant will provide scholarships throughout the year for the two programs.
- Over 550 members and friends participated in the Fenton events: *The Fore the Fenton Golf Tournament*, *Old-Fashioned Day*, the readings of *The Legend of Sleepy Hollow* and *A Victorian Christmas Carol* and “*Saints and Sinners Lake View Cemetery Tours*.”
